Learning from other’s mistakes is wisdom and waiting to learn from your own mistakes is Ego!
Welcome to NIC Delhi 2017

Cardiological Society of India-Delhi Branch is immensely excited to announce Mid-Term Meet of National Interventional Council at New Delhi during 14-16 April 2017.

National Interventional Council (NIC) is the Interventional faction of the Cardiological Society of India (CSI), representing more than 3000 interventional cardiologists. Every year in the month of April, CSI-NIC organizes a knowledge exchange platform, spread over 3 days, for all its stakeholders with series of Live Cases from world renowned specialists besides discussion on cutting edge technologies, a wide spectrum of didactic lectures, debates, sessions on concurrent topics of interventional cardiology and more than 600 case presentations on various complications, nightmares, techniques and technologies.

This year’s scientific program is aimed at encouraging active participation from young & budding Interventional Cardiologist. We have tried to incorporate a strong teaching component through discussion among each other, on one hand and utilizing the wisdom of the experts, on the other. The program will also entail extensive interaction with International Faculty, particularly joint session with world’s most reputed societies. In addition, this Conference will bring together the collaborative efforts from Cardiologists all over the globe to disseminate knowledge of new treatments and technologies to participants. Thus it will be an effective forum for attendees to exchange knowledge and gain new collaborations.

The Organizing committee, on behalf of the Cardiological Society of India and its Delhi Branch, delightedly invites you to the NIC Mid-Term Meet- 2017. We shall ensure that your participation will be an unforgettable experience not only for knowledge and learning new skills but also for networking. We do believe, nay are certain, that this meeting will take our combined endeavors to the next level.
